SUMMARY

I'm an engineer who love the new technologies with several years of experience developing native iOS games and applications both in academic and professional projects. I have experience developing REST APIs for communicate the client and the server. I have participated in multiple projects which gave me great experience personally and professionally working both my myself and in a team.

EXPERIENCE

iOS Developer, Periferia IT

Bogotá, Cundinamarca — apr 2013 - current

I'm a member of the iOS developers team

iOS Developer, KOGI Mobile

Medellín, Antioquia — jun 2013 - apr 2014

I'm a member of the iOS developers team, in this job i'm in charge of VarCity app(<https://itun.es/i6Fk2vj>) and another app currently on development. Also i participate in the development of Ground Miles by Bupa (<https://itun.es/i6FV2Q6>), UNE MAS (<https://itun.es/i6Fp5hj>), phase 2 of PureGym app (<https://itun.es/i6Fz6yV>), iOS app for TP Orthodontics (<http://www.tportho.com/> still on development), and iOS version of Beats Medical app (<http://www.beatsmedical.com/> still on development), iOS app for Coordinadora (<http://www.coordinadora.com> still on development)

iOS Developer, GARA Entertainment

Medellín, Antioquia — dec 2011 - jun 2013

I developed several games using Objective-C and frameworks such as cocos2D, box2D and Unity. I developed native iOS apps and theirs backend in php and WCF. In this job I was in charge of the development of Oh My Nuts! Game(<https://itun.es/i6Fk25f>), their free version (<https://itun.es/i6F27C2>) and two other games that are not in the AppStore yet, GoBo(http://youtu.be/nGUnDZoJ_NE) and StreetRep (<http://youtu.be/LWIAKDe26OM>); also i developed the ipad version for a colombian retail named ÉXITO (<https://itun.es/i6Fk3H9>)

iOS Developer, Doctus LTDA

Medellín, Antioquia — jun 2011 - dec 2011

I developed some frameworks for use in house, also started the development of several iOS games.

iOS Developer, Freelance

I developed some iOS native apps for external clients, some of these applications still alive in the AppStore with the following links:

<https://itun.es/i6FV2yH> (internet radio station, Medellin Hip Hop)

<https://itun.es/i6Fk3H3> (sushi restaurant in Medellin-Colombia, Sushi Market)

<https://itun.es/i6Fk25x> (events list for ANDI)

social network using GPS called MNU, this app is not alive

TUAPP Contest 2013

I participated in the University Apps Contest powered by Cursor in Santiago de Chile, in this contest we're finalists with an application that suggests another way of tourism using quests (<http://www.seekit.info/>).
